Suzanne,
I am attaching the hot topic for CFAC per your request. Rebecca Russo and others have gotten a flurry of Congressional inquiries today about the status of AOC negotiations. Please note that it's important to emphasize to Congressional offices that while EPA and CFAC are close to finalizing the combined AOC and RI/FS work plan we do not yet have a final, signed AOC in place. In particular, EPA is still hammering out with CFAC a few details to the work plan and deliverables schedule. I'll defer to you to respond to HQ per Martin's and Shaun's request below unless you wish for me to do that. --

Hey Nichole:

We are hearing whispers that EPA and Glencore have reached an agreement on how to deal with a site in Columbia Falls, MT and that something will be released soon. As you likely know, Senator Tester has been very active in this space and I'm curious what, if anything, you can share.

Thanks in advance.
